

KIM LICENSE ORDERING PROCEDURE

Dear Kryptor Partner,

The "KRYPTOR INTERFACE MODULE LICENSE NUMBER (KIM)" is available as a spare part in CD Nîmes – Thermo Fisher Scientific, under the reference C693002.

In addition to your order, please provide us with the attached form **KIM License Number Request Form**, after filling requested fields.

The information we need is:

- Name of the requester
- Distributor identification
- Country
- KRYPTOR serial number (very important: the license nr is linked to this number).
- Laboratory identification.
- Date of installation scheduled.

Send your order and the completed form to :

CD Nîmes – Thermo Fisher Scientific - Spare Parts Department: fax +33 466 36 52 01 or by email at spareparts@cezanne.fr

Please, take into account that the delay for getting the installation key can be up to 2 days.

Important Note :

The KIM license sales policy links the license number to the KRYPTOR, KRYPTOR Compact or KRYPTOR Compact PLUS instruments.

The instrument location is not taken into consideration in the licensing process.

The KIM license remains valid even when the licensed instrument is moved from lab to lab.

For any question or detail you may require, please do not hesitate to contact us at spareparts.brahms.fnim@thermofisher.com

Best regards

The Kryptor spare parts department
